## COURSE DESCRIPTION:

Baroque allegory and urban graffiti, scientific illustration and captioned press photo, music video and typographic film, ancient pictogram and digital hypertext ... the intersections of image and writing are numberless. The course will explore this heterogeneous field of cultural practices and media techniques by focusing on selected instances of 'textual imagery' or 'pictorial script' from prehistory to contemporary software.

On the one hand, it addresses the genealogy of mechanic, photographic, electronic, and digital devices (stone tablet, typewriter, video, computer code ...) as a series of material operators that pass on immaterial information and cultural knowledge in ever-changing *icono/graphic* forms. On the other hand, the course links this techno-history of image and letter to wider theoretical reflections on the two modes of representation. We will discuss their philosophical foundations, their conceptual contact zones, and their impact on cultural discourses with reference to semiotics, post/structuralism, media archaeology and the history of science & knowledge.

Finally – and apart from analyzing how the dynamic rel(oc)ations of image and letter are inevitably entangled in issues of politics, power, gender, memory and identity – the course will deepen the students' awareness of their own media reception and output, including their use of academic text and image sources.

## LEARNING OUTCOMES:

Students will be introduced to a variety of ► IMAGE-TEXT-RELATIONS, especially with respect to their use in historical, cultural, social, and political contexts. They will ► establish connections between specific MEDIA TECHNOLOGIES AND THEORETICAL CONCEPTS. The discussion of texts, images, and web-resources will contribute to their ► ABILITY TO EVALUATE DISCURSIVE AS WELL AS VISUAL ARGUMENTS in a structured and critical manner. The participants will train their ► SKILLS OF SYNTHESIS AND COMMUNICATION through discussion, in-class presentations and written papers. They will have the opportunity to ► APPLY THEIR PRACTICAL KNOWLEDGE in the form of audio/visual research works.

WEEKLY SCHEDULE + READINGS:

- ▶ PARTICIPANTS PREPARE MANDATORY READINGS, VIDEOS AND WEB-RESOURCES (PRINTED IN BLACK IN THE LIST BELOW) PRIOR TO THE RESPECTIVE CLASS.
- ▷ GREY FONT INDICATES OPTIONAL READINGS AND MATERIAL: IT SERVES AS ADDITIONAL BASIS FOR STUDENT PRESENTATIONS, FURTHER EXPLORATIONS OF THE TOPIC, AND AS INSPIRATION FOR THE FINAL COURSE WORKS.

## ASSIGNMENTS :

REGULAR ATTENDANCE and ACTIVE PARTICIPATION in discussions / close readings / image interpretations ...

15% of the final grade

- ▷ Students are expected ▶ to TAKE PART in the discussions, comment on presentations, the instructor's input and questions, address relevant aspects of the topic, reflect on the readings and audiovisual material. ▶ Participation will be ASSESSED with respect to its relative QUANTITY AND QUALITY (targeted engagement with the topic and readings, conclusiveness of argumentation, contextualization).

1 in-class PRESENTATION

30% of the final grade

- ▷ Presentations ▶ assemble the MOST IMPORTANT ASPECTS FROM THE READINGS (mandatory + optional) and ▶ give ADDITIONAL INPUT (e.g., on historical contexts). They ▶ engage with the topic in a CRITICAL WAY (*no mere text summaries*), present the material's main argument/s, reflect on its approach to the subject, assess its validity, ▶ give IMPULSES FOR DISCUSSION, and point out ▶ aspects which are PROBLEMATIC, remain opaque or raise further questions.
- ▷ Ideally, the student/s giving a presentation act/s as 'co-instructor' for the session, for example by ▶ preparing QUESTIONS OR ISSUES FOR DISCUSSION (which can be included in the handout [see below]).
- ▷ Every participant ▶ selects a DATE/TOPIC from the syllabus for presentation and enters their name in the respective poll until September 22:  
<https://nuudel.digitalcourage.de/Li93KDUYk85K1mYa>
- ▷ Depending on the number of participants, every topic can be ▶ presented BY 1 TO MAX. 3 STUDENTS (group presentation): in most cases, the list of readings will provide sufficient material for a general overview and the discussion of partial aspects of the topic.
- ▷ *If possible, please do not select a topic/date already assigned to another student as long as there are unallocated slots!*

1 concise PRESENTATION HANDOUT

10% of the final grade

- ▷ For their presentations, the participants are required to create a handout paper (1 page max.) which shows ▶ the ORDER of the presented points, the MAIN ARGUMENTS, CONCLUSION, and further QUESTIONS. It serves as ▶ preliminary INFO SHEET for the other participants and, after the presentation, as memory and learning aid.
- ▷ The handout should be ▶ structured in SHORT PASSAGES, KEYWORDS OR BULLET POINTS – no continuous text. Ideally, the structure and central ideas of the presentation become VISIBLE AT FIRST GLANCE.
- ▷ The ▶ handout is ASSESSED with respect to its STRUCTURE, ACCURACY, AND CLARITY (*visual material and critical statements can of course be included*).
- ▷ The handout ▶ should be SUBMITTED NO LATER THAN 24 HOURS BEFORE the respective class. Please, send it as .doc/.docx/.pdf document to the instructor who will upload it on MOODLE.

## Final PAPER or final AUDIOVISUAL WORK

### 45% of the final grade

- ▷ Participants can produce either a written FINAL PAPER or an AUDIO/VISUAL RESEARCH WORK.<sup>1</sup>
- ▷ The ► SUBJECT OF THE FINAL PAPER OR AUDIOVISUAL WORK is chosen by the student. A discussion of the subject with the instructor is not obligatory but recommended. ► It must not ADOPT A SUBJECT FROM THE COURSE SESSIONS AND SYLLABUS but should be connected to the overall theme of the course.
- ▷ Upon consultation, ► the final work CAN ALSO BE PRODUCED IN GROUPS OF TWO – in this case, students can opt for a SHARED OR INDIVIDUAL GRADE. For individual grading, they must clearly indicate who produced which part of the work.
- ▷ The final paper ► should have a LENGTH OF ~2.500 WORDS (*excl. cover sheet, list of contents, bibliography, etc.*). IMAGES should be inserted in the text (no separate part with illustrations). The STYLE FOR REFERENCING and quoting can be freely chosen but should be consistent throughout the paper. Papers should be in .doc, .docx or .pdf format.
- ▷ Papers are ► SUBMITTED VIA E-MAIL. The ► DEADLINE will be DECEMBER 27, 2023.
- ▷ Instead of a written paper, ► students may also prepare an AUDIO/VISUAL WORK (PHOTO ESSAY, VIDEO, SCRAPBOOK, INSTALLATION, PODCAST, WEBSITE, ETC.): the work can be ► composed of SELF-PRODUCED MATERIAL AND/OR FOUND FOOTAGE. ► Formal and technical issues, extent or intended length should be coordinated with the instructor.
- ▷ Final audio/visual works will ► not be graded according to technical criteria but based on the ORIGINALITY OF THE APPROACH AND THE POTENTIAL TO VISUALIZE OR CONVEY THE MAIN ARGUMENT.
- ▷ Audio/visual ► works MAY BE COMPLEMENTED BY A WRITTEN COMMENT to elucidate their conceptual or theoretical approach.
- ▷ Deadlines are the SAME FOR WRITTEN AND AUDIO/VISUAL works.

<sup>1</sup> Please take note of CEU's plagiarism policy: <https://documents.ceu.edu/documents/p-1405-1>. Generally, students are allowed to use generative AI (ChatGPT, Bard, Bing, etc.) for the composition of their written course work. However, the instructor advises against doing so. Students are liable to indicate any use that they have made of generative AI for the preparation of their written work, identifying the software and distinguishing whether it has served in the research, composition, or editing stage. The use of such tools will be treated as plagiarism unless it is fully specified in the paper. If generative AI was used at any moment for the composition of the text, students are obliged to submit, together with their written work, the prompt/s used as input for the AI and a digital copy (pdf) of the AI's answer or output. The document will be considered as an initial draft; the final version of the paper must show unmistakable evidence of revision, expansion and elaboration regarding its academic form, content, and intellectual engagement with the subject.
